Dear Forestport Planning Board,

I am a property owner in the Hamlet of White Lake, Town of Forestport, New York. Protecting White Lake from invasive species and overcrowding and protecting its water quality are very important to me, my family and the White Lake community. To that end, we request that you condition the approval of the proposed subdivision of the Camp Russell waterfront property (i.e., the 8 lot subdivision) and each of the lots created by the subdivision on the following which should run with the land and be part of the deeds:

1. Each lot shall only be used as a single family residence.
2. Access to White Lake through, over or associated with each lot shall be limited to the owner of such lot and such owner's guests (i.e., friends and family).
3. No motorized watercraft shall be put into the water (i.e., launched) from any of the Lots; provided, for clarity, however, parking and securing motorized watercraft to or in docks, boat lifts and boat houses associated with a Lot will not violate this covenant.

That you for your consideration to this matter.

Sincerely,

Patti Palumbo Smith

To the Forestport Planning Board,

We are property owners in the Hamlet of White Lake, Town of Forestport, New York. Protecting White Lake from invasive species and overcrowding and protecting its water quality are very important to us, our family and the White Lake community. To that end, we request that you condition the approval of the proposed subdivision of the Camp Russell waterfront property (i.e. the 8 lot subdivision) and each of the lots created by the subdivision on the following, which should run with the land and be part of the deeds:

1. Each lot shall only be used as a single family residence.
